【Overview】

Packed GC Glass Insert A is a GC glass insert with packing materials. Using this product improves a peak shape of pyrolyzes derived from microplastics. In addition, it improves the accuracy of qualitative and quantitative analysis of a specific plastic in polymer mixture samples using “F-Search MPs 2.0” software.

Packed GC Glass Insert A
(for Agilent GC)

【Product number and price】

Product name	Product number	List price	Qty.
Packed GC Glass Insert A NEW	PY1-3340	See price list	1 ea.
Packed GC Glass Insert A (3 ea) NEW	PY1-3341	See price list	3 ea.

【Specifications】

■ Packed GC Glass Insert A

- Designed specifically for microplastics analysis
- Packing materials : Polydimethylsiloxane chemically bonded to silicon support
- Material : Glass

【Schedule】

Start date of order acceptance : July 1, 2021

Start date of shipment : July 1, 2021
